

14th December, 2020

To the Families of children in Mrs Spencer's Year 6 class,

As you will be aware, we have worked very hard in order to ensure that our school is a Covid-secure and safe place for our pupils and our staff.

We have carefully followed all of the public health advice and guidance, and have carried out an in-depth risk assessment in order to put in place measures to minimise the risk of the virus spreading. This risk assessment is regularly reviewed as guidance is updated.

However, while the virus remains with wider society - and with cases in our area now rising - it is perhaps to be expected that we will experience some cases within our school community.

This morning, we were informed that a pupil in Mrs Spencer's class has tested positive for COVID-19. We contacted **Public Health England immediately** and we **have been instructed that all pupils in Mrs Spencer's Year 6 class will now need to self-isolate for 10 days from last Friday (the last day of contact with the pupil in school).**

We are sorry that we have to take this step and we understand that this will cause inconvenience for many of you.

However, at this time, we have no choice but to take this action to ensure the safety of staff and pupils while they are in school in line with **Public Health England guidance**.

If your child is eligible for a Free School Meal, a school packed lunch can be delivered to your home if requested each morning. Please email Mrs McDine if you wish to receive a Free School Meal each morning.

Other members of your household can continue normal activities provided your Year 6 child does not develop symptoms.

What to do if your child develops symptoms of COVID-19

The most common symptoms of COVID-19 are:

- New continuous cough and/or
- High temperature and/or
- A loss of, or change in, normal sense of taste or smell

If your child develops any of these symptoms, they should remain at home and arrangements should be made for them to be tested by ringing 119 or visiting the NHS website: [nhs.uk/coronavirus](https://www.nhs.uk/coronavirus). At that time, all other household members must also stay at home and not go to work, school or public areas even for exercise.

Mrs Spencer will set work for your child so that they can continue their studies at home and this will be uploaded onto the Home Learning section of our school website.

We thank you for your ongoing support and we will continue to keep you informed and up-to-date with any new information.

With my very best wishes,

C.Meldrum

Mrs Meldrum
Acting Headteacher
