

Religious Education

Promises:

Promises made at Baptism.

Visitors:

Advent: Waiting for the coming of Jesus.

Other Faiths: Judaism

The synagogue and symbols in Judaism.

Other Faiths: Islam

The Mosque is the Muslim place of worship.

Mathematics

Place value: Order and compare two-digit and three-digit numbers, placing them on a number line. Partition three-digit numbers.

Calculation: Solve problems and develop reasoning skills through the bar modelling technique of Part + Part = Whole and a variety of calculation strategies. This will be taught through concrete, pictorial and abstract strategies.

Measurement: Read relevant scales to the nearest numbered unit.

Geometry: Recognise and identify 3D shapes. Sort 3D shapes according to the number of faces, vertices and edges.

History

Stone Age: Children will use a variety of artefacts and sources to learn about this period of History.

English

Fairy Tales – Reading a wide range of Fairy Tales. Children will write a character description, persuasive advert, informal letter and dialogue between key characters in Fairy Tales.

Poetry: Poems on a Theme – ‘In Flanders Fields’ by John McCrae

Children will read, recite and write poems, including Acrostic and Blackout poems.

Biography Writing - Little People: Big Dreams: David Attenborough

Children will write a Factfile and Biography about David Attenborough.

Grammar: Ensure that the children use and understand the correct terminology, e.g. parts of speech, sentence construction and punctuation.

Handwriting: Continue to use the diagonal and horizontal strokes that are needed to join letters.

Year Three – Autumn Term

Science

Rocks: The children will learn to identify, examine and understand how different types of rocks are formed.

Animals, including humans: Children will learn about the human body and the diet and habitat of animals.

Computing

E-safety and Creating Media: Creating stop frame animation, story-based animation and adding additional types of media to animations.

Geography

The Coast: The children will learn about the features of the British coastline, comparing the human and physical geographical features commonly found at the coast.

Art

Stone Age Art: Children will explore and replicate examples of prehistoric Art.

Design Technology

Photograph Frames: Children will develop ideas, choose materials, design and construct a photograph frame.

French

Je parle francais and ***Dans ma trousse:*** Children will introduce themselves and describe what's in their pencil case.

P.E.

Games: We will be working on ball skills and hand and eye co-ordination when throwing and catching.

Music

Singing: Posture, Pitch, Dynamics, Tempo, Call and response, Harmonies, Reading Rhythms and Composition.
